Foundations of Generative AI Assignment 2

Submission details

Student name: Aditya Singh

Registration number: 230953458

Assignment title: Autoregressive Text Generation Using Recurrent Neural Networks

System title: Next Word Generation with Simple RNN, Bidirectional RNN, LSTM and GRU

Dataset: WikiText-2 raw

Dataset source: https://huggingface.co/datasets/Salesforce/wikitext/tree/main/wikitext-2-raw-v1

GitHub repository: https://github.com/aditya0si/fgai-autoregressive-text-generation

Repository contents

The repository contains the implementation, dataset, trained models, evaluation metrics, learning curves, generated samples, and a README with the comparison and temperature analysis.
